Both parents right to pick up: Under the laws of the state of Illinois, both parents may have the right to pick up their child, unless a court document restricts that right. The enrolling parent, who chooses not to include the child's other parent on the authorized pick-up list must file an official court document (e.g., current restraining order, sole custody decree, divorce decree stating sole custody). Absent that document, the center may release the child to either parent.
