**RE: Virtual Community Outreach Initiative: Old Farm Greenway – Shoreline Restoration**

Dear Naperville Park District Resident,

The Naperville Park District is conducting a virtual community outreach initiative to inform residents about improvements proposed for 2025. This letter is to inform you of a project proposed in your area at Old Farm Greenway.

The shoreline of the creek running through the greenway is not healthy and it's eroding into the waterway. To improve this natural aspect, invasive plant material, including trees, will be removed. Additionally, the slopes will be stabilized, and native vegetation planted to anchor the shoreline soil in place.

A map of Old Farm Greenway is included on the reverse side of this letter. Any comments or questions regarding the work proposed for 2025 can be directed to me via the email address or phone number provided below. The comment period continues until noon on Wednesday, July 31, 2024.

A list of all projects included in this virtual community outreach initiative is available on our website at [www.napervilleparks.org/improvements](http://www.napervilleparks.org/improvements). Once the outreach period concludes, staff will review and consider the comments provided to assist with formulating final project plans.

We appreciate your time and input!

Sincerely,

Peggy Motta, PLA  
Project Manager
