(c) Applications for Permits must be received by the District at least 21 days prior to the activity for which a Permit is sought. The Director may waive and shorten this timing requirement for good cause shown or in the interests of the District.

(d) Except as provided in subsection 5.01(d) (6), the District shall issue the Permit without unreasonable delay unless:

(1) The application for permit is not fully completed and executed; or,

(2) The applicant has not timely tendered the applicable application fee, user fee, security deposit, proof of insurance, indemnification or hold harmless agreement, or other required materials; or,

(3) The proposed activity violates any federal, state, local, or District law, rule, or regulation; or,

(5) The proposed activity is of such a nature that it cannot reasonably be accommodated in the particular location applied for, considering, without limitation, the likelihood of such things as damage to park resources or facilities, damage to an environmentally sensitive or protected area's ecosystem, impairment of a protected area's atmosphere of peace and tranquility, unreasonable interference with District functions, buildings, facilities, operations, programs or activities, or unreasonable interference with the use or purpose of the District Property applied for; or,

(e) The District shall have at least 3 business days after receiving a permit application to review the application. However, the District reserves the right to take additional time to review any application. If the District determines that it will exercise this right, it shall notify the applicant within one business day after the District's receipt of the application. The review period of Special Event Applications is subject to the schedule identified on the District's Special Event Application.

(f) If the application is approved, the District may issue a written Permit to the applicant. If the application is denied, the District shall explain the reasons for denying the application in writing.

(g) If an application is denied on the basis of a scheduling conflict or inappropriateness of the location, duration, or time of the activity, the District will make a reasonable effort to arrange an alternative that is acceptable to all parties. If an application is denied, or the applicant is dissatisfied with such Permit as issued, he may appeal the decision to the Board within ten (10) days after the decision is rendered. If the Board rejects the appeal after full review, or if time for full review is not available, the applicant may appeal the decision to the appropriate court. All other decisions on the issuance of Permits by the District are final.

(h) Any Permit granted by the District may contain lawful prerequisites to the issuing of the Permit and restrictions on the conduct of the permitted activity including without limitation: general liability insurance coverage; an agreement to fully indemnify and hold the District harmless from any liability or costs resulting from the activity; a requirement that the Persons involved in the activity obey or comply with all federal, state, local, and District laws, rules, and regulations; time, duration, and location restrictions; security deposit; a written agreement by the applicant to fully restore any District Property soiled or damaged by the activity; and, any reasonable restriction necessary for the efficient and orderly contemporaneous administration of the activity, other activities with a Permit, and regular District uses, functions, programs, and activities.

(i) Any Person holding a valid Permit issued by the District for use of District Property shall take precedence for use of that District Property over any Person other than the District.

(j) The District may make necessary changes or place necessary additional restrictions on any Permit after it has been issued.

(k) Violation of the terms and conditions associated with the Permit may result in the suspension or revocation of the Permit.

(l) Except as provided in subsections 5.01(l) (1) or 501 (l) (2), no Permit shall be issued for a period in excess of seven (7) consecutive days. A Permit may be extended for like periods of time upon a new application, unless another Person has requested use of the same location and multiple use of that location is not reasonably possible.

(1) This subsection shall not apply to Permits granted under section 2.11 of this Ordinance. For Permits granted under section 2.11, the District shall determine the length of time that a Permit will be valid.

(2) This subsection shall not apply to Permits granted under section 2.29 of this Ordinance for news racks or newsstands. Such Permits granted under section 2.29 shall be issued for a period of six (6) months.

**Section 5.02. Insurance and Hold Harmless Agreement.**

(a) Except as provided in subsection 5.02(a)(1), applicants for a Permit shall acquire general liability insurance to protect themselves and the District from liability resulting from their use of District Property and provide proof of such insurance to the District before the District will issue a Permit to an otherwise valid applicant. The District must be named on such policy as additional insured. Where possible, an applicant may acquire a rider to the District's insurance policy at the applicant's cost and expense. Applicants should contact the District's administrative office for more information.

(1) For activities involving the exercise of First Amendment rights, including without limitation parades, public gatherings, speeches and rallies, this requirement may be waived by the District if the applicant can demonstrate that their organization cannot procure general liability insurance or that the cost of procuring such insurance or acquiring a rider to the District's insurance policy is prohibitive.

(b) Every applicant must execute and deliver to the Park District an agreement to indemnify and hold the District harmless from legal liability, property damage or injury to persons caused by the negligent or unlawful acts of the applicant or any member, volunteer, employee, agent, participant, or other Person associated with the applicant or their group or organization.

**Section 5.03. Security/Damage Deposit.**

(a) A security/damage deposit may be required for any Permit. The District shall refund the deposit if the Person responsible for the activity cleans any refuse caused or left by the activity or the activity's participants and restores District Property to the condition it was in prior to the activity to the District's satisfaction. If the District is required to clean up or restore District Property after the activity, the Person responsible for the activity shall reimburse the District for all costs and expenses associated with the clean-up and restoration. The cost of the clean-up and restoration shall be taken from the security/damage deposit. If there are any funds remaining after the clean-up and restoration costs have been subtracted, they shall be returned to the appropriate Person. If the costs and expenses for the clean-up and restoration exceed the amount of the security/damage deposit, the District reserves the right to pursue any and all legal options.

(b) If the security/damage deposit would create a financial hardship for the applicant in which the applicant can so demonstrate, the District may accept a written agreement to clean up and restore District Property after the activity. If the applicant does not satisfactorily perform according to the agreement, the District reserves the right to pursue any and all legal options.

**Section 5.04. Other Authority.**
